Directors Profile

Wing Commander Deepak Bhikanrao More (Air Veteran) has served the Indian Air Force for more than two decades and opted for premature separation from the IAF in Mar 2011.

During his service career he was commended twice by Chief of the air staff for his hard work, innovative ideas towards improvement of quality life of soldiers and their family members and untiring dedication towards his duties.

Post retirement he joined a group of ex defense officers who were in the business of providing houses to defense personnel at affordable rates. As a go- getter and visionary leader he has numerous projects to his credits since the time he joined the civil streets. He is well-known for his acumen in bringing team together, train them, motivate them and make any project successful at shortest time. He leads by example and believes in ethic of hard work, integrity and creating enjoyable work environment in his organization. As a developer he is a creative individual who always looks ahead at what

The Team

Under the guidance of Commander Deepak More his team that consist of Hard core technical and execution ex-defence personal as well as young guns to add to the teams competency.

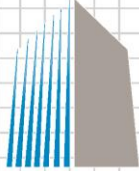

We are capable of taking projects of any size and any location throughout India.

The teams disciplined approach and commitment towards their goal set them apart from other companies in the same space.
